

Dear Neighbor,

When we first made the decision to begin the company in 1995, our vision was to create the best trained organization in our industry.

Chimney Sweeps of Sherwood Forest is a proud, locally-owned business committed to providing excellent service and the upkeep & maintenance of our customers' home hearth and heating needs.

Our staff has received the highest level of training and has generated over 30 years of professional experience. We are constantly challenging ourselves to increase our ability to service the community through cutting edge techniques and environmentally-friendly products.

We carry a huge selection of high quality wood, pellet and gas stoves, many of which you can see right here in our showroom.

We take pride in delighting our customers. We see it as 'our family serving your family'. It would be a pleasure to help guide you on your quest to make your home the most comfortable place on earth for your family & friends.

Please don't hesitate to contact me with questions or concerns. My e-mail address is owner@chimneysweepsofsherwoodforest.com, my number is 301-829-3588.

Thank you so much for visiting our website!

Sincerely,

Javier Rosas
Owner
